

한국 지멘스가 국내 에너지 산업 발전과 함께 성장할 신입 및 경력사원을 모집합니다

Siemens, where your value comes true

지멘스는 국내 에너지 산업 발전에 기여할 에너지 솔루션 사업의 아시아 지역본부를 한국에 설립합니다. 아시아태평양과 중동 지역 등 세계 시장에서 에너지와 발전소 관련 최고 수준의 엔지니어링, 프로젝트 수행 및 시운전 등을 총괄하고 공급망관리, 구매, 영업 및 마케팅 분야 등을 담당할 역량 있는 신입 및 경력사원을 모집합니다.

Category	Position	Job ID (요청번호)	No.	Qualification	Experience	
Project Management	Department Heads of; - Project Execution - Project Management Office	> 140413 > 140418	0 0	Department heads for project execution and different disciplines	Experienced (15 years)	
	Group Heads of; - Contract Management - Administration - Scheduling	> 140419 > 140420 > 140421	0 0 0	Group heads leading different disciplines (administration, scheduling, contract management)	Experienced (10 years)	
	Project Managers for; - Offshore - Proposal	> 140422	0	Co-leading of complex power plant projects	Experienced (10 years)	
	Contract Managers	> 140424	0	Contract management in project execution teams (Seoul) and project sites (Asia)	Experienced (5 years)	
	Schedulers	> 140426	0	Scheduling of projects in Primavera tool in the project teams (Seoul) and on project sites (Asia)	Experienced (5 years)	
	Financial Controllers; - Financial professional advanced - Financial professional	> 140427 > 140429	0 0	Financial controlling of complex power plant projects	Experienced (5 years)	
	Team assistants for; - Project - Back office	> 140430 > 140431	0 0	Administrative support for organization and project teams	Entry-level / Experienced (1-5 years)	
	Administrators	> 140432	0	Administrative support (IT-Tools and support) of power plant project teams	Experienced (2 years)	
	Engineering	Department Managers for Engineering Disciplines (Director); - Process and Mechanical Components - Electrical, Instrumentation and Control - Plant Layout and Mechanical Systems - Heat Recovery Steam Generator	> 140659	0	BS or MS in an appropriate science / engineering field and experience in the related field of Engineering, Procurement and Construction business (EPC)	Experienced (> 10 years)
		Expert Level Engineers in selected areas of; - Process and Mechanical Components - Electrical, Instrumentation and Control - Plant Layout and Mechanical Systems	> 140661	0	BS or MS in an appropriate science / engineering field and experience in the related field of Engineering, Procurement and Construction business (EPC)	Experienced (> 10 years)
Project Engineering Managers (PEM)		> 140665	0	BS or MS in an appropriate science / engineering field and experience in the related field of Engineering, Procurement and Construction business (EPC)	Experienced (> 8 years)	
Project Managers for the following Engineering functions; - Process and Mechanical Components - Electrical, Instrumentation and Control - Plant Layout Engineering - Mechanical Systems		> 140667	0	BS or MS in an appropriate science / engineering field and experience in the related field of Engineering, Procurement and Construction business (EPC)	Experienced (> 8 years)	
Project Engineers for the following engineering fields; - Process and Mechanical Components - Electrical, Instrumentation and Control - Heat Recovery Steam Generator - Mechanical Systems - Piping		> 140671	0	BS or MS in an appropriate science / engineering field and experience in the related field of Engineering, Procurement and Construction business (EPC). Fresh graduates are possible.	Entry-level / Experienced (3-5 years)	
Proposal Lead Engineers for the disciplines; - Process and Mechanical Components - Electrical, Instrumentation and Control - Plant Layout Engineering - Mechanical Systems		> 140676	0	BS or MS in an appropriate science / engineering field and experience in the related field of Engineering, Procurement and Construction business (EPC)	Experienced (> 10 years) or Expert Level	
Quality & Process Coordinators		> 140680	0	BS or MS in an appropriate science / engineering field and experience in the related field of quality & processes in engineering or project management	Experienced (> 10 years)	

Engineering	Section Managers for the Engineering Disciplines; - Senior Heat Recovery Steam Generator Engineer	> 140682	0	BS or MS in an appropriate science / engineering field and experience in the related field of Engineering, Procurement and Construction business (EPC)	Experienced (> 8 years) or Expert Level
	Engineering Tool Coordinator	> 140683	0	BS or MS in an appropriate science / engineering field and experience in the related field of engineering and tools	Experienced (> 6 years)
	Team Assistants / Document & Data Handling - Team Assistants	> 140684	0	Experienced in office organization tasks / data processing and documentation handling skills in large scale projects	Experienced (3-5 years)
	- Document & Data Handling Administrator	> 140686	0		
Erection and Commissioning	Vice president - Project Site Execution	> 140575	0	Experienced in construction and commissioning of large scale power plant solutions and in leading an international team	Experienced (> 10 years)
	(General) Manager Start up	> 140576	0	Experienced in commissioning of complex industrial plants. Main tasks are coordination and checking the commissioning of mechanical, electrical and I&C systems and components of Siemens scope of supply.	Experienced (> 6 years)
	(General) Manager Civil / Mechanical & Electrical Erection	> 140577	0	BS Degree in civil engineering. Experienced in large scale plant engineering and construction Experienced in all technical aspect of mechanical and electrical installation/construction, wide knowledge of applicable international mechanical and electrical engineering and construction standards, experienced in international power plant business or industrial plant construction, fluent in English, many years of overseas working experience preferable in near Middle East and Asia, capable of leading, mentoring and coaching an international/multicultural team, willingness to travel abroad (extended business trips)	Experienced (> 6 years)
	(General) Manager Proposals and Planning	> 140581	0	Experienced in project management, international plant business, financial execution of large-scale, and international projects	Experienced (> 6 years)
	Head of Processes & Tools	> 140582	0	Experienced in complex processes and capable to formulate and formalize processes	Experienced (> 10 years)
	Team Assistant	> 140583	0	Organization of all office relevant tasks, capable in MS-office and preferably in SAP	Entry-level / Experienced (2-3 years)
Supply Chain Management and Procurement	Project Procurement Managers	> 140585	0	Organize, lead and execute project related procurement BS or MS with procurement and experience in Project business (EPC)	Experienced (5-12years)
	Local Sourcing Managers	> 140586	0	Identify and manage supplier base and relations BS or MS with procurement and experience in project business (EPC)	Experienced (5-12years)
	Buyers	> 140588	0	Prepare and conduct quotations, negotiations and contracts with suppliers BS or MS with procurement and experience in project business (EPC)	Entry-level (2-5y) / Experienced (5-10y)
	Team Assistants	> 140589	0	Administrative support and travel management	Experienced (3-10 years)
Sales, Marketing and Proposals	Department Head - Proposals	> 140590	0	Experienced in proposals management & international leadership BS in an appropriate science / engineering field and experience in the related field	Experienced (> 15 years)
	Department Head - Sales BA	> 140591	0	Experienced in financial execution of large-scale / international projects BS in business administration / economics and experience in the related sales field	Experienced (> 15 years)
	Senior Sales Manager	> 140592	0	BS in an appropriate science / engineering field and experience in the related field	Experienced (5-7 years)
	Commercial Sales Manager	> 140593	0	BS in business administration / economics and experience in the related sales field	Experienced (5-7 years)
	Senior Bid Project Manager	> 140595	0	BS in an appropriate science / engineering field and experience in the related field	Experienced (5-7 years)
	Senior General Bid Manager	> 140600	0	BS in an appropriate science / engineering field and experience in the related field	Experienced (5-7 years)
Business Excellence	Process & Information Consultant	> 140596	0	Experienced in business process management	Experienced
	Regional process coordinator	> 140597	0	Experienced in business process management	Experienced
	Quality Manager Office/Site	> 140598	0	Experienced in quality management	Experienced
	EHS Manager Office/Site	> 140599	0	Experienced in environment, health & safety	Experienced
	Training Managers for Customer and Internal Trainings	> 140601	0	Experienced in the related field of training organization	Entry-level / Experienced

- 고용형태 : 정규직
- 근무지 : 서울
- 지원방법 : 각 포지션 옆의 Job ID(요청번호) 클릭
- 채용절차 : 서류전형, 면접전형, 각종 테스트 및 건강검진
- 우대사항 : 전기 공사업 및 기계설비 공사업 관련 국가 기술 자격증 소지자

- 지원마감 : 채용시 마감
- 지원문의 : recruit.kr@siemens.com
- 서류전형 합격자에 한하여 개별 연락 드립니다.
- 제출하신 서류는 반환되지 않습니다.
